High Grip Function

Features

Microporous nitrile foam-coated palms offer an excellent grip in wet, dry, and oily conditions. Highly functional for precision tasks, the Flasher Grip X protect the hands from fluids and abrasion, with the embossed palm dispersing oils and grease to maintain the gloves' proficiency.

- Resistance: Resistance to friction
- Washable: 1 time at 40°C
- Nitrile foam sandy palm
- Interior seamless textile support finish
- Reinforced grip exterior finish
- EN 388:2016 Protective gloves against mechanical risks 4121A

Key applications include:

- Automotive assembly
- Fitting small screws and fasteners
- Precision assembly
- Precision mechanical work
- Mechanical maintenance

Other industries

- Packaging
- Warehousing and receipt of goods
