Footbed	GT Reactive Memory Flex Foam	Weight	600 Grams (Hat PU , UK 8)
Impact Resistance	Composite Toecap	Penetration Resistance	Anti-Penetration Flexible Composite KEVLAR MIDSOLE

FEATURES

- ♦ ESD Static Electricity Discharge
- ♦ 100% Non-Metallic
- ♦ Heat Resistant Outsole
- ♦ Waterproof
- ♦ Rubber PU Outsole
- ♦ Oil Resistant
- ♦ Anti-Static
- ♦ GT Reactive Memory Flex Foam

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced
